*"Every once in a while a new technology, an old problem,
and a big idea turn into an innovation." - Dean Kamen*

LEADING IN INNOVATION

Hello {FIRST_NAME|Friend},

At CERTEK we pride ourselves on being at the forefront of innovation in providing quality laboratories, products, and maintenance plans. We believe our clients deserve the best, and we strive to provide nothing less. From innovations in our mobile and modular laboratories such as slide-out panels and gloveboxes to innovating our maintenance plans by creating an informative and fully interactive mobile APP to guide clients in the complete care and continued use of their facility.

CHANGE IS GOOD

Our maintenance plans are not the only way we can help assist you in the care and preservation of your laboratory; we also provide Filter Change-Out and Decontamination Services. Keeping your facility up to date with regular filter changes and decontamination processes will not only aide keeping your laboratory running properly, but also help to ensure the safety of those using your facility. Our Filter Change-Out and Decontamination Services can make this process much easier by taking these tasks off your hands, and with CERTEK you can rest assured that the work performed will be of the utmost quality.

Learn more about CERTEK's Filter Change-Out Services

CERTEK's Filter Change-Out Service goes through the complete process including the removal of old filters and provision and installation of new filters; testing and certification of new filters; and third party pick up, transportation of old filters according to EPA 6.2 standards. To find out more, [visit our website](#) or talk with a CERTEK representative by calling +1-919-787-3989.

Learn more about CERTEK's Decontamination Services

CERTEK's Decontamination Services ensure a thorough decontamination of your laboratory or facility. The decontamination process, which is performed by NSF certified personnel, includes Chlorine Dioxide gas decontamination of Biosafety Cabinets, In-Line Filters, Rooms, and Laboratory Equipment.
